

Application No.: 10/725,367

AMENDMENTS TO THE SPECIFICATION:

Please amend paragraph [0002] as follows:

[0002] ~~JP2002-118081A~~ JP2002-118981A published by the Japan Patent Office in 2002 discloses a power source device for a vehicle using a fuel cell power plant and a secondary battery. The vehicle is driven using an electric synchronous motor controlled via an inverter.
